Dear Robert, 4/9/83

On the tape of the Martin film, it is BETA. My check for your belief, $12.90, is enclosed.

Jim has been much too busy to keep after Zapruder, or maybe to respond to him, so nothing new there.

We've got plenty of troubles in courts!

We are also OK, esxcept that Lil is tired from being so busy with taxes and from natural headaches as well.

Hope all of you are well and as happy as one can be in this day's world.

Unless you are a baseball fan, in which even the world is just beginning.

It has been quite. I heard from Jerry for the first time after he returned to New York when he told me of his new job, and not since.

For the most part, except for Hoch, I hardly ever hear from others.

And now I'm not too unhappy about it. Gives me more time for other things when what I must do takes a big hunk out of every day.

Thanks and our love to you all,
